Sweep of the Blade Ilona Andrews 2019-07-16 Maud Demille is a daughter of Innkeepers--a special group who provide 'lodging' to other-planetary visitors--so she knows that a simple life isn't in the cards. But even Maud could never have anticipated what Fate would throw at her. Once a wife to a powerful vampire knight, Maud and her young daughter, Helen, were exiled with him for his treachery to the desolate, savage planet of Karhari. Karhari killed her husband, and Maud--completely abandoned by his family--has spent over a year avenging his debts. Rescued by her sister Dina, she's sworn off all things vampire. Except... In helping Dina save the world, she met Arland, the Marshal of House Krahr, one of the most powerful vampire houses. One thing led to another and he asked for her hand in marriage. She declined. Arland is not used to hearing the word 'no;' and try as she might, Maud can't just walk away from Arland. It doesn't help that being human is a lot harder for Maud than being a vampire. To sort it all out, she accepts his invitation to visit his home planet. House Krahr is extremely influential and Maud knows that a woman--a human, with a very questionable past--who's turned down a proposal from its most beloved son won't get a warm reception. Maybe she's not sure about marrying Arland, but House Krahr isn't going to decide for her. Maud Demille has never run from a fight, and House Krahr will soon discover that there's a lot more to Maud than they're expecting.

No Humans Involved Kelley Armstrong 2010-02-23 Readers around the world have fallen for Kelley Armstrong's intoxicating, sensual and wicked tales of the paranormal, in which demons and witches, werewolves and vampires collide - often hilariously, sometimes violently - with everyday life. In Armstrong's first six novels, Elena, Paige and Eve have had their way with us. Now get ready for Jaime Vegas, the luscious, lovelorn and haunted necromancer. . . Jaime, who knows a thing or two about showbiz, is on a television shoot in Los Angeles when weird things start to happen. As a woman whose special talent is raising the dead, her threshold for weirdness is pretty high: she's used to not only seeing dead people but hearing them speak to her in very emphatic terms. But for the first time in her life - as invisible hands brush her skin, unintelligible fragments of words are whispered into her ears, and beings move just at the corner of her eye - she knows what humans mean when they talk about being haunted. She is determined to get to the bottom of these manifestations, but as she sets out to solve the mystery she has no idea how scary her investigation will get, or to what depths ordinary humans will sink in their attempts to gain supernatural powers. As she digs into the dark underside of Los Angeles, she'll need as much Otherworld help as she can get in order to survive, calling on her personal angel, Eve, and Hope, the well-meaning chaos demon. Jeremy, the alpha werewolf, is also by her side offering protection. And, Jaime hopes, maybe a little more than that. "As I knelt on the cobblestones to begin the ritual, I opened not some ancient leather pouch, but a Gucci make-up bag. . . . I know little about the geography and theology of the afterlife, but I do know that the worst spirits are kept secured, and my risk of "accidentally" tapping into a hell dimension is next to nil. Even if I do bring back some depraved killer's spirit, what can it do to me? When you deprive someone of the ability to act in the living world, he's pretty darned helpless. In death, even the worst killer plummets from lethal to merely annoying. Yet whatever had been trying to contact me apparently could cross that barrier, could act in the living world. . .at least on me. I added an extra helping of vervain to the censer." —from *No Humans Involved*

And then, there are her infuriating boss, tenant woes, and a cranky, popcorn-loving gargoyle to contend with. Things start looking up, though, when tall, dark, and handsome Gabriel Angeloscuro agrees to rent the empty apartment in Maddy's building. It's probably just a coincidence that as soon as he moves in, demons appear on the front lawn. But when an unholy monster is unleashed upon the streets of Chicago, Maddy discovers powers she never knew she possessed. Powers linked to a family legacy of tarnished halos. Powers that place her directly between the light of Heaven, and the fires of Hell...

Clean Sweep Ilona Andrews 2013-12-20 "On the outside, Dina Demille is the epitome of normal. She runs a quaint Victorian Bed and Breakfast in a small Texas town, owns a Shi-tzu named Beast, and is a perfect neighbor, whose biggest problem should be what to serve her guests for breakfast. But Dina is... different: Her broom is a deadly weapon; her Inn is magic and thinks for itself. Meant to be a lodging for otherworldly visitors, the only permanent guest is a retired Galactic aristocrat who can't leave the grounds because she's responsible for the deaths of millions and someone might shoot her on sight. Under the circumstances, 'normal' is a bit of a stretch for Dina. And now, something with wicked claws and deepwater teeth has begun to hunt at night... Feeling responsible for her neighbors, Dina decides to get involved. Before long, she has to juggle dealing with the annoyingly attractive, ex-military, new neighbor, Sean Evans -- an alpha-strain werewolf -- and the equally arresting cosmic vampire soldier, Arland, while trying to keep her inn and its guests safe. But the enemy she's facing is unlike anything she's ever encountered before. It's smart, vicious, and lethal; and putting herself between this creature and her neighbors might just cost her everything."--Page 4 of cover.
