Living Like Nomads Fausto Butta 2015-09-04 Despite the vast amount of research on Italian anarchism conducted over the last forty years, little is known about the history of Milanese anarchists. Living Like Nomads: The Milanese Anarchist Movement Before Fascism illuminates anarchist ideas, practices and militants in Milan during the two decades before the rise of fascism. It tells the fascinating stories of some Italian anarchists at the beginning of the twentieth century, and sheds light on their lifestyle, political campaigns and ideological debates. Living Like Nomads examines anarchist thought, particularly the relationship between theories of individualism and communist anarchism. It engages with masters of this school of philosophy such as Bakunin, Malatesta, Stirner and Kropotkin. By detailing the lives of unknown anarchists, it reveals the pivotal role played by anarchists - and anarchism - within the eclectic Italian Left. Milanese anarchists produced exciting initiatives and captivating ideological debates. While they did not cause a revolution in Milan, their importance cannot be overlooked. Anarchists in Milan gave birth to the first non-denominational modern school, campaigned against militarism, engaged with the labour movement, and published extensively. No other anarchist movement

has published as much as Milanese anarchists did. While such anarchists did not prevent the rise of fascism in Italy, they were the first instance of anti-fascist resistance when they stood up against the violence of Mussolini's black shirts after the First World War. Given anarchism's principles of individual freedom, social justice and equality, this insightful study of the troubled history of anarchist movements contributes to a greater understanding of the modern Left.

Bullettino di bibliografia e di storia delle scienze matematiche e fisiche 1881

The Operas of Verdi: Volume 2: From Il Trovatore to La Forza del destino The late Julian Budden 2002 Volume 2 covers those works written during the decadence of the post-Rossini period. During this time, Verdi, having exhausted the vein of simple lyricism to be found in Il Trovatore and La Traviata, achieved self-renewal in direct confrontation with the masters of the Paris Opera with his Les Vêpres Siciliennes. A new scale and variety of musical thought can be sensed in the Italian operas that follow, culminating in La Forza del Destino.

Technological Innovation and Defence: The Forza NEC Program in the Euro-Atlantic Framework Alessandro Marrone 2016-04-30 Technological innovation and the military have always been in a state of constant interaction, fostered especially during the post-Cold War period. In this context, the present study focuses on the relationship of Italian, American, British, French and German Armed Forces with Information Communication Technology (ICT). The aim is to analyse in a Euro-Atlantic perspective the path undertaken by the Italian Army to develop Network Enabled Capabilities (NEC) through the "Forza NEC" Program. The acronym NEC refers to the interconnection of different elements of the Armed Forces in a single broad network, making them interact in order to achieve a strategic superiority. The book is composed of three chapters, which offer respectively an analysis of the American case, an overview of recent developments in France, Germany and the UK, and a discussion of the situation in Italy. The volume - which comes four years after the IAI publication *The Transformation of Armed Forces: The Forza NEC Program* - aims at analysing state of the art of the evolving relationship between technological innovation and the Armed Forces. This evolution is hindered by the fact that efforts to digitize and interconnect land forces and their equipment by using ICT sometimes clash with both operational difficulties and budget constraints. Such a clash poses challenges and roadblocks on the way towards NEC undertaken by the Armed Forces of the countries discussed in this book.

The Dictator's Handbook Bruce Bueno de Mesquita 2011-09-27 Explains the theory of political survival, particularly in cases of dictators and despotic governments, arguing that political leaders seek to stay in power using any means necessary, most commonly by attending to the interests of certain coalitions.

StrengthsFinder 2.0 Tom Rath 2007-02 An updated version of the StrengthsFinder program developed by Gallup experts to help readers discover their distinct talents and strengths and how they can be translated into personal and career successes.
