Beyond the Sling Mayim Bialik 2012-03-06 A real-world guide to Attachment Parenting from the Big Bang Theory actress, neuroscientist, and mother Mayim Bialik—a book hailed by Dr. William Sears as “delightful” and by Ricki Lake as “a fantastic guide to birth and parenting that is packed with invaluable wisdom.” Mayim Bialik was the child star of the popular 1990s TV sitcom Blossom, but she definitely didn't follow the typical child-star trajectory. Instead, Mayim got her PhD in neuroscience from UCLA, married her college sweetheart, and had two kids. Mayim then did what many new moms do—she read a lot of books, talked with other parents, and she soon started questioning a lot of the conventional wisdom she heard about the “right” way to

raise a child. That's when she turned to Attachment Parenting, a philosophy and lifestyle popularized by well-known physicians like Dr. William Sears and Dr. Jay Gordon. To Mayim, Attachment Parenting's natural, child-led approach not only felt right emotionally, it made sense intellectually and instinctually. She found that when she followed her intuition and relaxed into her role as a mother instead of following some rigid parenting script, both she and her children thrived. Taking into account her experience as a mother (and her scientific background), Mayim presents the major tenets of Attachment Parenting, including: Baby wearing: How to "wear" your baby in a sling or a wrap to foster a closer bond with your child—it's possible even for mamas with bad backs (and with big babies)! Breastfeeding: Learn how to listen to your baby's cues rather than sticking to a rigid schedule—and why people on airplanes love a nursing mother! Gentle discipline: How to get your child to behave without yelling, threats, or time-outs—it really is possible. Co-sleeping: How to avoid "sleep training" and get a great night's sleep for the whole family. Without the pretense and luxuries typical of so many Hollywood actors and parents, Mayim describes the beauty, simplicity, and purposefulness of Attachment Parenting, and how it's become the guiding principle for her family. Much more than a simple how-to parenting guide, *Beyond the Sling* shows us that the core principles underlying Attachment Parenting are universal and can be appreciated no matter how you decide to raise your child.

Honda 70: Enthusiast's Guide Jeremy Polson 2018-01-16 Author of *Honda Mini Trail: Enthusiast's Guide*, Jeremy Polson has put together another vintage Honda guide. It covers the third-best-selling Honda in American Honda history, the long-running Mini Trail CT-70, along with the CL, SL, and XL 72-cc motorcycles manufactured from 1969 to 1994. Polson begins with a brief introduction of the models that led to the first CL-70, and then jumps into a thorough analysis of the many models and iterations that Honda offered through the years. With more than 25 years of experience collecting, restoring, and selling more than 200 small-displacement Hondas, Polson is the ideal author for this must-have look at a group of Honda's most popular motorcycles. Despite the worldwide popularity of American Honda's 72-cc motorcycles, no other book on these models has been published, and the accuracy of information found on the Internet is suspect at best. It could be called the "Bible for Honda 72-cc collectors and enthusiasts," because this book presents facts and figures backed up by production dates, serial numbers, and dealer information found nowhere else. In addition to the hard facts, this book is filled with many rare photos that track the evolution of Honda's 72-cc motorcycles and unravels their mystery. Rare models covered include the first CT-70 "Silver Tags" with more than 30 features not found on the majority of later-model CT-70s, as well as many other low-production 72-cc motorcycles.
