Cecil Rhodes and the Cape Afrikaners Michael Tamarkin 1996 This is an account of a fascinating alliance between two seemingly incompatible political partners. On the one side Cecil Rhodes, perhaps the greatest British imperialist of his time - on the other side the Cape Afrikaners, part of the ethnic community which was engaged in a major war with that very empire at the close of the nineteenth century. Rhodes skilfully courted the Cape Afrikaners, despite his ardent imperialism and their autonomous colonial intent. While the impact of British imperialism and capitalism set in motion a process of ethnic and political consciousness, it also engendered a desire to be associated with the British. Such was Rhodes's charm that to some Cape Afrikaners he became a political hero, even an idol. But all this came to an abrupt and dramatic end with the filibustering expedition of Rhodes's lieutenant Jameson into the Transvaal at the end of 1895. This act of aggression stood in total contradiction to an important element of the political outlook of Cape Afrikaners and, while unwavering in their loyalty to the British Empire, they began to show solidarity with their republican brethren. Tamarkin successfully shows that the disengagement of the Cape Afrikaners from Rhodes was neither immediate nor

inevitable. It was a painful and long process which was driven not just by the Jameson Raid but by Rhodes's increasingly provocative conduct. This extraordinary relationship only finally finished in 1898 during the election campaign, in which Rhodes and the Afrikaner Bond fought tooth and nail for control of the Cape Colony.

The Way Of The Women Marlene van Niekerk 2015-05-19 How can you speak when speech has been taken away? When the only person listening refuses to understand? Milla, trapped in silence by a deadly paralysing illness, confined to her bed, struggles to make herself heard by her maidservant and now nurse, Agaat. Contrary, controlling, proud, secretly affectionate, the two women, servant and mistress, are more than matched. Life for white farmers like Milla in the South Africa of the 1950s was full of promise - newly married, her future held the thrilling challenges of creating her own farm and perhaps one day raising children. Forty years later, the world Milla knew is as if seen in a mirror, and all she has left are memories and diaries. As death draws near, she looks back on good intentions and soured dreams, on a brutal marriage and a longed-for only son scarred by his parents' battles, and on a lifetime's tug-of-war with Agaat. As Milla's old white world recedes, in the new South Africa her guardian's is ever more filled with the prospect of freedom. Marlene Van Niekerk's is a stunning new literary voice from South Africa, to compare to J.M. Coetzee and Nadine Gordimer.

Parentology Dalton Conley 2014-03-18 An award-winning scientist offers his unorthodox approach to childrearing: "Parentology is brilliant, jaw-droppingly funny, and full of wisdom...bound to change your thinking about parenting and its conventions" (Amy Chua, author of *Battle Hymn of the Tiger Mother*). If you're like many parents, you might ask family and friends for advice when faced with important choices about how to raise your kids. You might turn to parenting books or simply rely on timeworn religious or cultural traditions. But when Dalton Conley, a dual-doctorate scientist and full-blown nerd, needed childrearing advice, he turned to scientific research to make the big decisions. In *Parentology*, Conley hilariously reports the results of those experiments, from bribing his kids to do math (since studies show conditional cash transfers improved educational and health outcomes for kids) to teaching them impulse control by giving them weird names (because evidence shows kids with unique names learn not to react when their peers tease them) to getting a vasectomy (because fewer kids in a family mean smarter kids). Conley encourages parents to draw on the latest data to rear children, if only because that level of engagement with kids will produce solid and happy ones. Ultimately these experiments are very loving, and the outcomes are redemptive—even when Conley's sassy kids show him the limits of his profession. *Parentology* teaches you everything

you need to know about the latest literature on parenting—with lessons that go down easy. You'll be laughing and learning at the same time.

Spear Paul S. Landau 2022-06-07 A revelatory and definitive account of how Nelson Mandela and his peers led South Africa to the brink of revolution against the postwar twentieth century's most infamously racist regime. *Spear: Mandela and the Revolutionaries* brings to life the brief revolutionary period in which Nelson Mandela and his comrades fought apartheid not just with words but also with violence. After the 1960 Sharpeville police shootings of civilian protesters, Mandela and his comrades in the mass-resistance order of the African National Congress (ANC) and the Communist Party pioneered the use of force and formed Umkhonto we Sizwe (MK), or Spear of the Nation. A civilian-based militia, MK stockpiled weapons and waged a war of sabotage against the state with pipe bombs, Molotov cocktails, and dynamite. In response, the state passed draconian laws, militarized its police, and imprisoned its enemies without trial. Drawing from several hundred first-person accounts, most of which are unpublished, Paul Landau traces Mandela's allies—and opponents—in communist, pan-Africanist, liberal, and other groups involved in escalating resistance alongside the ANC. After Mandela's capture, the Pan Africanist Congress planned to initiate street violence, and MK organized Operation Mayibuye, an uprising to be led by trained commandos. The state short-circuited those plans and subsequently jailed, exiled, tortured, and murdered revolutionaries. The era of high apartheid then began. *Spear* reshapes our understanding of Mandela by focusing on this intense but relatively neglected period of escalation in the movement against apartheid. Landau's book is not a biography, nor is it a history of a militia or an army; rather, it is a riveting story about ordinary civilians debating and acting together in extremis. Contextualizing Mandela and MK's activities amid anticolonial change and Black Marxism in the early 1960s, *Spear* also speaks to today's transnational antiracism protests and worldwide struggles against oppression.

Imperial Leather Anne McClintock 2013-10-01 *Imperial Leather* chronicles the dangerous liaisons between gender, race and class that shaped British imperialism and its bloody dismantling. Spanning the century between Victorian Britain and the current struggle for power in South Africa, the book takes up the complex relationships between race and sexuality, fetishism and money, gender and violence, domesticity and the imperial market, and the gendering of nationalism within the zones of imperial and anti-imperial power.

A Threshold Crossed Omar Shakir 2021 "The widely held assumption that the Israeli occupation of Palestinian territory is a temporary situation and that the 'peace process' will soon bring an end to Israeli abuses has obscured the reality on the ground today of Israel's entrenched discriminatory rule over Palestinians. A single authority, the Israeli government, rules primarily over the area between the Jordan River and Mediterranean Sea, populated by two groups of roughly equal size, methodologically privileging Jewish Israelis while repressing Palestinians, most severely in the Occupied Palestinian Territory (OPT), made-up of the West Bank, including East Jerusalem, and Gaza. Drawing on years of human rights documentation, case studies and a review of government planning documents, statements by officials and other sources, [this report] examines Israel's treatment of Palestinians and evaluates whether particular Israeli policies and practices in certain areas amount to the crimes against humanity of apartheid and persecution."--Page 4 of cover.

An African Elegy Ben Okri 2015-04-30 Dreams are the currency of Okri's writing, particularly in this first book of poems, *An African Elegy*, but also in his books of short stories and prize-winning novel *The Famished Road*. Okri's dreams are made on the stuff of Africa's colossal economic and political problems, and reading the poems is to experience a constant succession of metaphors of resolution in both senses of the word. Virtually every poem contains an exhortation to climb out of the African miasma, and virtually every poem harvests the dream of itself with an upbeat restorative ending' - Giles Foden, *Times Literary Supplement*

Coloured Ethnicity and Identity Birgit Pickel 1997 " Democratization processes create opportunities for some, but cause economic and psychological hardship - whether perceived or real - for others. For the latter, transformation situations may strengthen a sense of group belonging, may foster the emergence of a new group identity. After 1990, some media and scholars observed a new ethnic assertiveness among persons classified as "coloured" in apartheid South Africa. As a majority in the Western Cape, yet a minority on the national level, they expressed fear of being discriminated against under black majority rule: "In the past we were not white enough, today we are not black enough." In this statement resonates a sense of exclusion from the democratic process. By evaluating a quantitative survey, this book analyses how a minority perceives the South African transformation process. The author examines attitudes towards the old regime, towards new government policies and intergroup relations as well as their impact on the self-perception and the political behaviour of coloured people in South Africa. "
