Bringing E-money to the Poor Thyra A. Riley 2017-09-11 Moving toward universal access to financial services is within reach, thanks to new technologies, transformative business models, and ambitious reforms. Instruments such as e-money accounts and mobile accounts, along with debit cards and low-cost traditional bank accounts, can significantly increase financial access for those who are excluded. Bringing e-Money to the Poor: Successes and Failures examines the lessons of success from four country case studies of "gazelles" Kenya, South Africa, Sri Lanka, and Thailand that leapt from limitation to innovation by successfully enabling the deployment of e-money technology. These countries have thereby transformed the landscape of financial access to their poor. In addition, two country case studies (Maldives and the Philippines) yield lessons learned from constraints that stalled e-money deployments. Because technology is not a silver bullet, the case studies also explore other strategic elements that need to be in place for a country to expand access to financial services through digital technology.

Implementing Reforms in the Telecommunications Sector Bjorn Wellenius 1994-01-01 Presents a compilation of information from a worldwide pool of experts on their practical experiences in telecommunications sector reform. This study compiles a wealth of information from a worldwide pool of experts on their practical experiences in telecommunications sector reform. It provides an up-to-date account of approaches to the major policy and structural issues and describes developments in Latin America, Asia and the Pacific, and Europe. The study also examines issues related to investment, regulation, and implementation. While each of the eight parts centers on a particular aspect of telecommunications sector reform, the study highlights several recurring themes and looks at a number of country experiences from the perspective of policymakers, regulators, investors, operators, the international development community, and other industry specialists. This volume provides valuable information on how to implement telecommunications reforms, offers insights into the effectiveness of these reforms, and identifies critical areas in which further discussion of related policy and implementation issues in this increasingly important economic sector.

SCION: A Secure Internet Architecture Adrian Perrig 2017-10-13 This book describes the essential components of the SCION secure Internet architecture, the first architecture

designed foremost for strong security and high availability. Among its core features, SCION also provides route control, explicit trust information, multipath communication, scalable quality-of-service guarantees, and efficient forwarding. The book includes functional specifications of the network elements, communication protocols among these elements, data structures, and configuration files. In particular, the book offers a specification of a working prototype. The authors provide a comprehensive description of the main design features for achieving a secure Internet architecture. They facilitate the reader throughout, structuring the book so that the technical detail gradually increases, and supporting the text with a glossary, an index, a list of abbreviations, answers to frequently asked questions, and special highlighting for examples and for sections that explain important research, engineering, and deployment features. The book is suitable for researchers, practitioners, and graduate students who are interested in network security.

An Introduction to HPLC for Pharmaceutical Analysis Oona McPolin 2009-03-01 If you are new to HPLC, this book provides an invaluable guide to how HPLC is actually used when analysing pharmaceuticals. It is full of practical advice on the operation of HPLC systems combined with the necessary theoretical knowledge to ensure understanding of the technique. Key features include: A thorough discussion of the stationary phase enabling the reader to make sense of the many parameters used to describe a HPLC column; Practical advice and helpful hints for the preparation and use of mobile phase; A complete overview of each of the different components which together make up a HPLC system; A description of the contents of a typical HPLC analytical method and how to interpret these; A step-by-step guide on how to follow a method and set up a HPLC analysis; A discussion of system suitability criteria and how to interpret the values obtained during an analysis; Explanation of the common methods of calibration and quantification used for pharmaceutical analysis.

Huawei Goes Global Wenxian Zhang 2020-10-13 Huawei Goes Global provides a much-needed, comprehensive, and scholarly examination of the business environment and the striving global operations of China's technology giant. With theoretical research, case studies, data analysis, and empirical studies, this two-volume work tells a fascinating story of internationalization in an emerging economy. As one of the most powerful Chinese companies in the global economy, the largest global telecommunications-equipment producer and a leading consumer-electronics manufacturer, Huawei is a great example of the globalization of the Chinese enterprises in the twenty-first century. In Volume I, scholars critically examine the rise of Huawei as a Chinese global enterprise from the political economy and public policy perspectives, as well as Huawei's development strategies, innovations, and talent management. In Volume II, multiple authors carefully study the growth of Huawei from regional and geopolitical perspectives, and its corporate communication and crisis management. Within the framework of the trade conflicts between China and the US, controversies over economic sanctions, intellectual-property disputes, and espionage and cyber security concerns, this groundbreaking work makes an important contribution to both academic literature and the ongoing public discourse on Huawei. Volume II is available here: <https://www.palgrave.com/gp/book/9783030475635>

Cisco ISP Essentials Barry Raveendran Greene 2002 A comprehensive guide to the best common practices for Internet service providers Learn the best common practices for configuring routers on the Internet from experts who helped build the Internet Gain specific advice through comprehensive coverage of all Cisco routers and current versions of Cisco IOS Software Understand the Cisco IOS tools essential to building and maintaining reliable networks Increase your knowledge of network security Learn how to prevent problems and improve performance through detailed configuration examples and diagrams Cisco IOS Software documentation is extensive and detailed and is often too hard for many Internet service providers (ISPs) who simply want to switch on and get going. Cisco ISP Essentials highlights many of the key Cisco IOS features in everyday use in the major ISP backbones of the world to help new network engineers gain understanding of the power of Cisco IOS Software and the richness of features available specifically for them. Cisco ISP Essentials also provides a detailed technical reference for the expert ISP engineer, with descriptions of the various knobs and special features that have been specifically designed for ISPs. The configuration examples and diagrams describe many scenarios, ranging from good operational practices to network security. Finally a whole appendix is dedicated to using the best principles to cover the configuration detail of each router in a small ISP Point of Presence.

Radar Instruction Manual United States. Maritime Administration 2005 Since 1958 the Maritime Administration has continuously conducted instructions in use of collision avoidance radar for qualified U.S. seafaring personnel and representatives of interested Federal and State Agencies. Beginning in 1963, to facilitate the expansion of training capabilities and at the same time to provide the most modern techniques in training methods, radar simulators were installed in Maritime Administration's three region schools. It soon became apparent that to properly instruct the trainees, even with the advanced equipment, a standardize up-to-date instruction manual was needed. The first manual was later revised to serve both as a classroom textbook and as an onboard reference handbook. This newly updated manual, the fourth revision, in keeping with Maritime Administration policy, has been restructured to include improved and more effective methods of plotting techniques for use in Ocean, Great Lakes, Coastwise and Inland Waters navigation. Robert J. Blackwell Assistant Secretary for Maritime Affairs

Big Data and Planning Kevin C. Desouza 2016 "This is big. Data sets are growing so large and complex that using them is like drinking from a fire hose. Feeling overwhelmed? Help is on the way. Big data isn't the problem; it's the solution — and this PAS Report shows how to use it. Arizona State University researchers Kevin C. Desouza

and Kendra L. Smith have teamed up on a practical guide to channeling the power of big data. Together they look at how planners around the world are turning big data into real answers for smart cities. Learn how Dublin is gearing up geospatial data to steer traffic. See how Singapore is collecting citizens' selfies to track smog. Discover how Detroit is crowdsourcing creative ideas for its 50-year plan. And find out how the U.S. government is planning to use Yelp to improve its services. What's the big idea for your community? Read *Big Data and Planning* for a look at trends and tools you can tap into today."--Publisher's website.

Urban Stormwater Victorian Stormwater Committee, 1999-10-28 The intense concentration of human activity in urban areas leads to changes in both the quantity and quality of runoff that eventually reaches our streams, lakes, wetlands, estuaries and coasts. The increasing use of impervious surfaces designed to provide smooth and direct pathways for stormwater run-off, has led to greater runoff volumes and flow velocities in urban waterways. Unmanaged, these changes in the quantity and quality of stormwater can result in considerable damage to the environment. Improved environmental performance is needed to ensure that the environmental values and beneficial uses of receiving waters are sustained or enhanced. *Urban Stormwater - Best-Practice Environmental Management Guidelines* resulted from a collaboration between State government agencies, local government and leading research institutions. The guidelines have been designed to meet the needs of people involved in the planning, design or management of urban land uses or stormwater drainage systems. They provide guidance in ten key areas: *Environmental performance objectives *Stormwater management planning *Land use planning *Water sensitive urban design *Construction site management *Business surveys *Education and awareness *Enforcement *Structural treatment measures *Flow management Engineers and planners within local government, along with consultants to the development industry, should find the guidelines especially useful. Government agencies should also find them helpful in assessing the performance of stormwater managers. While developed specifically for application in Victoria, Australia, the information will be of value to stormwater managers everywhere.

Lens Epithelium and Posterior Capsular Opacification Shizuya Saika 2014-08-12 This book is the first to summarize the current knowledge of the cell biology of lens epithelial cells in relation to and in the development of posterior capsular opacification (PCO). PCO remains the most common long-term complication of modern cataract surgery, occurring months or years after cataract surgery, unlike most other complications that tend to arise during or soon after the procedure. Opacification of the posterior capsule appears to be linked to lens epithelial cells that are left behind in the eye during cataract removal. These cells proliferate, migrate across the posterior lens capsule, and undergo

changes that result in fibrous or pearl-type opacities in the capsule. The first section of the text explains the molecular mechanism and biology of lens epithelial cells that lead to the incidence of PCO. In the second part, in addition to a description of the mechanism and pathological condition of PCO, surgical methods and devices for preventing PCO are discussed in detail. Lens Epithelium and Capsular Opacification will benefit not only young clinical residents and junior researchers, but also established faculty in the clinical or basic academic field.

Profiting with Iron Condor Options Michael Benklifa 2011-01-19 In a straightforward approach, Hanania Benklifa provides readers the practical knowledge needed to trade options conservatively in Profiting with Iron Condor Options: Strategies from the Frontline for Trading in Up or Down Markets. The objectives are simple: make 2%-4% a month staying in the market as little as possible. Market experts use option condors to consistently earn monthly returns while trading conservatively and staying in the market as little as possible. Benklifa--who manages \$10+ million in condor trades each month--shows you exactly how to run these trades and earn these returns, delivering all the details you need to master every nuance of this remarkable strategy. Benklifa shares option condors examples using market realities, not oversimplified abstractions. You'll learn how to handle real-life market dynamics that can dramatically impact results, including rising and falling volatility, changing bid-ask spreads, and distorted call parity. You'll learn how to profit in the sideways markets where condor options are most widely used--and also in extreme-trending markets that offer their own surprising opportunities. Traders who focus on a specific type of trade have a history of outperforming stock pickers and directional investors. This book will give you that deep and usable level of knowledge about one of today's most well-proven strategies: option condors.

Innovation and International Corporate Growth Alexander Gerybadze 2010-07-17 Research and development (R&D) as well as innovation are the drivers of change and the key determinants of growth in many industry and service sectors. In spite of the financial turmoil and restructuring of the world economy after 2008, investment in R&D is expected to grow further. Innovation competence will continue to be a major success factor for internationally operating companies. The book presents a state-of-the-art account of innovation management and the role of R&D and innovation strategy for corporate growth and renewal. It follows a top-down approach starting from corporate strategy, and describes the effective integration of corporate R&D, business unit projects and operational performance improvements. The book offers portraits of leading innovators and high-performing corporations and provides a rich collection of best-practice examples.

A Tale of Two Vampires Katie Macalister 2012-09-04 Time isn't always on a vampire's side.... Iolanthe Tennyson has had a very bad year—due in part to the very bad men in

her life. So she's accepted her cousin's invitation to spend the summer in Austria to indulge her photography hobby. Rumors of a haunted forest there draw Iolanthe into the dark woods—and into the eighteenth century.... Nikola Czerny is a cursed man, forced by his half brothers to live forever as a Dark One. But his miserable existence takes an intriguing turn when a strange, babbling woman is thrown in his path. Iolanthe claims to know Nikola's daughter—three hundred years in the future. She also knows what fate—in the form of his murderous half brothers—has in store for him. If only she knew the consequences of changing the past to save one good, impossibly sexy vampire...

Wildlife Habitat Connectivity Across European Highways 2002 The Federal Highway Administration (FHWA), American Association of State Highway and Transportation Officials (AASHTO), and the National Cooperative Highway Research Program (NCHRP) sponsored an international technology scan to learn what actions are being taken in Europe to address habitat and wildlife issues. A delegation of federal, State, and conservation group representatives visited Slovenia, Switzerland, Germany, France, and the Netherlands to observe and document efforts in Europe. As a result of the trip, the team formed conclusions and recommendations for U.S. applications in the areas of policy, communications, guidance manuals, and research.
