A timeline, fast facts, and sidebars provide additional information. Aligned to Common Core Standards and correlated to state standards. Checkerboard Library is an imprint of Abdo Publishing, a division of ABDO.

Bedtime Story Chloe Hooper 2022-05-04 From the best-selling author of The Tall Man and The Arsonist, a personal tale about death, life and the enchantment of stories. With illustrations by Anna Walker. Let me tell you a story... When Chloe Hooper's partner is diagnosed with a rare and aggressive illness, she has to find a way to tell their two young sons. By instinct, she turns to the bookshelf. Can the news be broken as a bedtime tale? Is there a perfect book to prepare children for loss? Hooper embarks on a quest to find what practical lessons children's literature--with its innocent orphans and evil adults, magic, monsters and anthropomorphic animals--can teach about grief and resilience in real life. As she discovers, 'the right words are an incantation, a spell of hope for the future.' From the Brothers Grimm to Frances Hodgson Burnett and Tolkien and Dahl--all of whom suffered childhood bereavements--she follows the breadcrumbs of the world's favourite authors, searching for the deep wisdom in their books and lives. Both memoir and manual, Bedtime Story is stunningly illustrated by the New York Times award-winning Anna Walker. In an age of worldwide uncertainty, here is a profound and moving exploration of the dark and light of storytelling. 'This book is a miracle of light and meaning-making from one of our finest writers. Venturing inward with extraordinary grace, Hooper explores - and extends - the long literary line surging with our deepest inherited wisdom about how to embrace our finite lives. The result is nothing less than the hero's journey we have been collectively starving for. Telling you this is like trying to describe the sun; it is a book so powerful and beautiful - so utterly its own - that it can only be experienced directly.' Sarah Krasnostein, author of The Trauma Cleaner and The Believer 'Exquisitely beautiful. This book is an act of love.' Anna Funder, author of All That I Am and Stasiland 'Deeply engrossing and honest, human, full of love and tenderness, with moments of sparkling humour in the struggle. I loved everything about Bedtime Story. I loved particularly what it taught me about authors who write for children, the ways that writing and reading provides compensation, balancing the scales between loss and love.' Sofie Laguna, author of The Eye of the Sheep and Too Loud Lily

Dark Nature Lyall Watson 1997-01-10 At a time when violence threatens to become epidemic and genocide takes the place of diplomacy in many regions of the world, it is no longer enough to simply dismiss such dark behavior as "human nature." People need to know why such atrocities and horrors take place, and the usual moral, religious, political and philosophical explanations have proved inadequate. With Dark Nature, world naturalist Lyall Watson presents a scientific examination of evil. Drawing on the latest insights of genetics, evolutionary ethology, anthropology and psychology, he takes

the discussion of evil out of the realm of monsters and demons to reveal it for what it truly is: A biological reality that may be terrifying but can be controlled. Groundbreaking, fascinating and eminently readable, Dark Nature is a vital and timely antidote to modern despair.

Watson's Dictionary Of Weasel Words Don Watson 2011-04-01 The brilliant and bestselling companion volume to Don Watson's Death Sentence The prime minister speaks of core and non-core election promises, your boss asks you to commit to an involuntary career event (you're fired), and hospitals refer to negative patient outcomes (you're dead) – How to fight back? This book is a heavy weapon against politicians, managers and all those whose words kill brain cells and sink hearts. Striking a much-needed blow for truth and clarity, here is Don Watson, author of the international bestseller Death Sentence, at his sobering, scathing and wickedly funny best.

Backwards the Drowned Go Dreaming Carl Watson 2012-04-01 "Amongst the oil fumes and the briny dinge of the sea, greasy, tired, frustrated, I had a flash. Suddenly, I had it all figured out—the psychology of despots and CEOs. I figured that in order for civilization to exist, people have to stay in one place, and so it seems somehow natural that the evolution of society would be to create an illusion of motion where none exists. Faster cars. Faster editing. Increased sensory stimulation. But all the while we are actually sitting more and more still. The population is placated by the feeling of progress, when in reality they are imprisoned. Even if we feel or strive to be utterly irresponsible, we're still somehow doing our job." Carl Watson evokes his desolation angels with great empathy and care, but also with ruthless candor. He writes like someone who pushed himself to the wall, then pushed through it to the void and came back with stories to tell. Here he reclaims the Seventies, one of the more desolate of recent epochs, with the clarity of Proust, the balefulness of Bodenheim, and the raw honesty of an Iggy song. -John Strausbaugh, author of "Black Like You" and "Sissy Nation" "CW writes like he put his thumb in the air on some two-lane American highway that used to be an Indian Trail, where he got picked up by God. Like he has come back to the fire in the woods we have gathered around at the end of the world with our loved ones to tell us what he saw. -Andrew Huebner, author of "We Pierce," "American By Blood" and "East of Bowery" With prose unfurling like cigarette smoke bleeding into that cloud of half-forgotten memories forever shadowing missed opportunities that hangs over a noontime dive somewhere during the twilight of the last blown century, heartbreak rock-n-roll on the radio crackling in exquisite precision between am stations and windswept interstates, Carl Watson daydreams before silent black-and-white televisions in SRO lobbies or as he drinks himself sober in crumbling Chicago tenements. "Backwards the Drowned Go Dreaming" explodes the bleary-eyed myth of the American road. -Donald Breckenridge, author of "This Young Girl Passing" Carl Watson's work is desolate poetry. He writes with sharp nostalgia for a past that really wasn't all that great. It feels like a stay in a down-and-out motel, but right on the other side of the paper-thin wall is transcendence. Watson never lets you forget that even in the most desperate situations, there is humor (even if it's mostly black) and greatness of the spirit. -Emily XYZ, "United States of Poetry"

The Signal and the Noise Nate Silver 2015-02-03 UPDATED FOR 2020 WITH A NEW PREFACE BY NATE SILVER "One of the more momentous books of the decade." —The New York Times Book Review Nate Silver built an innovative system for predicting baseball performance, predicted the 2008 election within a hair's breadth, and became a national sensation as a blogger—all by the time he was thirty. He solidified his standing as the nation's foremost political forecaster with his near perfect prediction of the 2012 election. Silver is the founder and editor in chief of the website FiveThirtyEight. Drawing on his own groundbreaking work, Silver examines the world of prediction, investigating how we can distinguish a true signal from a universe of noisy data. Most predictions fail, often at great cost to society, because most of us have a poor understanding of probability and uncertainty. Both experts and laypeople mistake more confident predictions for more accurate ones. But overconfidence is often the reason for failure. If our appreciation of uncertainty improves, our predictions can get better too. This is the "prediction paradox": The more humility we have about our ability to make predictions, the more successful we can be in planning for the future. In keeping with his own aim to seek truth from data, Silver visits the most successful forecasters in a range of areas, from hurricanes to baseball to global pandemics, from the poker table to the stock market, from Capitol Hill to the NBA. He explains and evaluates how these forecasters think and what bonds they share. What lies behind their success? Are they good—or just lucky? What patterns have they unraveled? And are their forecasts really right? He explores unanticipated commonalities and exposes unexpected juxtapositions. And sometimes, it is not so much how good a prediction is in an absolute sense that matters but how good it is relative to the competition. In other cases, prediction is still a very rudimentary—and dangerous—science. Silver observes that the

most accurate forecasters tend to have a superior command of probability, and they tend to be both humble and hardworking. They distinguish the predictable from the unpredictable, and they notice a thousand little details that lead them closer to the truth. Because of their appreciation of probability, they can distinguish the signal from the noise. With everything from the health of the global economy to our ability to fight terrorism dependent on the quality of our predictions, Nate Silver's insights are an essential read.

The Bush Don Watson 2016 "While most of us live in cities clinging to the coastal fringe, our sense of what an Australian is, or should be, is drawn from the vast and varied inland called the bush. But what do we mean by 'the bush', and how has it shaped us? Starting with his forebears' battle to drive back nature and eke a living from the land, Don Watson explores the bush as it was and as it now is- the triumphs and the ruination, the commonplace and the bizarre, the stories we like to tell about ourselves and the national character, and those we don't. A milestone work of memoir, travel writing and history, *The Bush* takes us on a profoundly revelatory and entertaining journey through the Australian landscape and character."

The Devil in the Bush Matthew Head 2017-03-20 A missionary doctor is on the hunt for a killer in the Belgian Congo in this 1945 mystery series debut exploring WWII-era Colonial Africa. World War II is raging, but in this dusty backwater of the Belgian Congo, the biggest problem is finding a cold beer. That's the case, at least, for Hooper Taliaferro, a U.S. government gofer sent to Africa on a vague errand related to the war effort. What he finds at the failing Congo-Ruizi plantation won't help the Allies much. Like colonialism itself, the owner is dying of a slow poison, and not even his wife—let alone his staff—can muster the energy to care. Good thing Hooper isn't showing up alone. With him is Dr. Mary Finney, a medical missionary who knows a homicide when she sees one. Middle-aged and unassuming, Mary is used to being underestimated. But with her quick mind and blunt manners, she doesn't suffer fools—or murderers—lightly.

Beside the Bonnie Brier Bush Ian Maclaren 1894

The Caterbury Tails Randall Bush 2013-05 NIGEL GOODWIN, Founder of the London Arts Centre Group, writes: "Randall Bush's "Caterbury Tails" on one level is a parody of T. S. Eliot's "Old Possum's Book of Practical Cats," but on another level it is a joyful and whimsical story that takes its readers to deeper levels of truth by exploring what happens when ancient tried and tested creeds are replaced by greed, mischief, noise, and confusion-an abundance of cattiness leading to catastrophe! This delightful epic poem for all ages is beautifully and skillfully illustrated by Ben Watson."

Annals of Pornographie: How Porn Became Bad Brian M. Watson 2017-06-02 This is a revised and updated edition of the book, including more recent information, footnotes, a bibliography, page numbers (print edition) and more beautiful fonts! In a groundbreaking reappraisal of European history, award-winning historian Brian M. Watson gives the secret history of smut through the literature, art, photography, and historical figures you didn't learn about in school. Watson combs the bawdy and forgotten corners of Western civilization to reveal the hidden story of a topic that still causes anger, arousal, excitement and scandal. Combining an entertaining style with brand-new research, *Annals of Pornographie: How Porn Became Bad* explores not only the salacious history of pornography, but also explains the evolution of Western sexuality, the 'creation' of privacy (and public life), and the 'invention of manners.' The book analyzes Western culture's tortured and rapturous relationship with erotic representation by probing the underside of its culture, art, literature, philosophy, sexology, psychology and its law. Covering everything from the fifteenth century Renaissance all the way up to the twentieth century Playboy magazine, Watson takes the reader on a grand tour of the forgotten debauchery of Western history. Along the way, we meet a variety of colorful characters who rarely get their historical due: Lord Rochester, the royal Pimp; Pietro Aretino, the Renaissance godfather of pornography; Edmund Curll, the first Hugh Hefner; along with many other tax-dodging street pornographers and radicals who roamed the streets of London, Paris, New York, and other major metropolises. Watson takes us from the hallowed halls of the Council of Trent, where Popes and kings fought over the future of the west, to Grub Street, a narrow and disgusting London alley filled with hack writers, aspiring poets and pushers of dirty French pictures and many other sights and sounds from Western Civilization's glorious and seedier locales. *Annals of Pornographie: How Porn Became Bad* reveals, for the first time, exactly how pornography went from being beautiful to being bad.

The Adventures of Sherlock Holmes Sir Arthur Conan Doyle 2009-01-01 *The Adventures of Sherlock Holmes* collects Sir Arthur Conan Doyle's first twelve short stories about his famous London detective. It

begins with the first meeting of Holmes and his sidekick Watson, who narrates the stories. Doyle was the first to employ the sidekick technique, thereby creating a character in just as much suspense and awe as his readership at the mental escapades of the erratic, terrifyingly intelligent Holmes.

Caledonia Australis Don Watson 2011-04-01 *An extraordinary piece of history - the Scottish Highlanders on the frontier of Australia - with introduction from Inga Clendinnen. After their military defeat in 1745 the Scottish Highlanders suffered a worse humiliation. They were displaced from their ancestral lands and became curiosities: objects of romantic nostalgia, charity, scorn, anthropology - and emigration. This is a tale of their dispossession. It also tells the rout of another people, the Kurnai of Gippsland in south-eastern Australia. And prominent among those who did the routing were emigrant Highlanders like the explorer Angus McMillan. Don Watson writes about the frontier on which those two cultures met. It is a story full of tragic ironies and myths which linger to this day. First published in 1984 and recognised as a significant revisionist work, Caledonia Australis is all the more intriguing and instructive now as debate continues to rage over Aboriginal native title, practical reconciliation and the way Australian history should be written, taught and understood.*

Saturdays at Noon Rachel Marks 2020-02-06 *Discover the emotionally gripping and uplifting page-turner that will put a smile on your face 'Heart-breaking and full of hope' WOMAN & HOME 'Wonderful, compassionate, unpredictable' GRAEME SIMSION, author of THE ROSIE PROJECT 'I genuinely couldn't recommend Saturdays At Noon enough' 5***** READER REVIEW _____ EMILY JUST WANTS TO KEEP THE WORLD AWAY. In Why Did I Buy That?, Kirstie shares personal stories, musings on fashion trends and thoughts on everything from how to successfully edit your wardrobe to how to spend your money more wisely. Oh, and how to kick ass in your career with a well-chosen blazer. Including loads of clever style tips and a foreword by Brooke Boney, Why Did I Buy That? is for those who want to know what to wear, what to buy and how to age stylishly in these changing*

times. Seasonal updates allowed.

Where Does it Hurt? Jonathan Bush 2014 The CEO of Athenahealth reflects on his journey from ambulance driver to CEO of one of the nation's fastest-growing tech companies to outline a blueprint for improving the current health-care system through innovation, less regulation and a wider range of customer choices.

There It Is Again Don Watson 2017-11-27 Historian, essayist, speechwriter, humourist, anti-cant crusader; Don Watson has a gift for luring us to the nub of a matter, or at least to a new view of it, there to grin or grind our teeth at the spectacle. Over the years Don Watson has written on politics and politicians in Australia and the USA, sport, nature, history, culture, crimes against speech, and military commemorations. Sometimes he writes in celebration of a moment or a creature of beauty; at other times, because something or someone gets on his goat - or up it, as young folk say these days. At the heart of all of his work is the belief that, more than just about anything else - more even than free markets or lifestyle choices - in a civilized society words matter.

The Boy in the Bush D. H. Lawrence 2021-11-05 "The Boy in the Bush" by D. H. Lawrence, M. L. Skinner. Published by Good Press. Our goal is to produce eBooks that are user-friendly and accessible to everyone in a high-quality digital format.

Quarterly Essay 63 Enemy Within Don Watson 2016-08-29 In Enemy Within, Don Watson takes a memorable journey into the heart of the United States in the year 2016 – and the strangest election campaign that country has seen. Travelling in the Midwest, Watson reflects on the rise of Donald Trump and the “thicket of unreality” that is the American media. Behind this he finds a deeply fearful and divided culture. Watson considers the irresistible pull – for Americans – of the Dream of exceptionalism, and asks whether this creed is reaching its limit. He explores alternate futures – from Trump-style fascism to Sanders-style civic renewal – and suggests that a Clinton presidency might see a new American blend of progressivism and militarism. Enemy Within is an eloquent, barbed look at the state of the union and the American malaise. “If, as seems likely, Clinton wins, it will not be out of love, or even hope, but rather out of fear. She can win by simply letting her deplorable opponent lose. On the other hand, she’s nothing if not adaptable, and she could yet see the chance to lead the nation’s social and economic regeneration ... Call it a New Great Awakening or a New New Deal; it would owe something to both, and to Bernie Sanders as well, but also to her need to be more than the first woman president.” —Don Watson, Enemy Within ‘Must read...[Don Watson] is the ideal person to survey Trump’s America’ —The Weekend Australian ‘A fascinating journey through the United States...’ —ABC Brisbane, Weekend Bookworm

The Whole Hog Lyall Watson 2004 The Whole Hog is just that, an attempt to encompass everything that is known about all the pigs of the world. George Orwell was right. Pigs are unquestionably the farmyard animals most likely to succeed. But why, exactly? Science has been slow to pin down the source of their superiority. Pigs are dramatically different from their closest and more placid relatives, sheep, deer and cattle. During forty million years of evolution, they seem to have made a series of canny decisions, adapting to changing circumstances much as humans have - by becoming more versatile, more gregarious and more curious. Sixteen species of wild pigs now occupy every continent except Australia and Antarctica, filling in the environmental gaps by deploying a panoply of domestic and feral forms - pigs for all seasons. The Whole Hog is their story. The biologist Lyall Watson has tracked pigs in the wild, observed their resourceful and playful lives, deciphered their grunts and oinks - and is convinced pigs deserve new respect.

Death Sentences Don Watson 2006-05-04 Citing the disturbing overuse of buzzwords and clichés in the business world and political arena, an analysis of the consequences of ineffective terminology invites readers to resist rhetoric and desensitizing verbiage while returning to more meaningful and sincere communications practices. Reprint. 15,000 first printing.

Sam Walton Sam Walton 2012-09-12 Meet a genuine American folk hero cut from the homespun cloth of America's heartland: Sam Walton, who parlayed a single dime store in a hardscrabble cotton town into Wal-Mart, the largest retailer in the world. The undisputed merchant king of the late twentieth century, Sam never lost the common touch. Here, finally, inimitable words. Genuinely modest, but always sure of his ambitions and achievements. Sam shares his thinking in a candid, straight-from-the-shoulder style. In a story rich with anecdotes and the "rules of the road" of both Main Street and Wall Street, Sam Walton

chronicles the inspiration, heart, and optimism that propelled him to lasso the American Dream.

The Story of Australia Don Watson 1984 Children's history with Aboriginal content; archaeology, traditional culture by region (including Tasmania), early settlement, violent conflicts, racial attitudes, Daisy Bates, Albert Namatjira, land rights.

A Single Tree Don Watson 2016-10-31 A Single Tree assembles the raw material underpinning Don Watson's award-winning The Bush. These diverse and haunting voices span the four centuries since Europeans first set eyes on the continent. Each of these varied contributors - settlers, explorers, anthropologists, naturalists, stockmen, surveyors, itinerants, artists and writers- represents a particular place and time. Men in awe of the landscape or cursing it; aspiring to subdue and exploit it or finding themselves defeated by it. Women reflecting on the land's harshness and beauty, on the strangeness of their lives, their pleasures and miseries, the character and behaviour of the men. Europeans writing about indigenous Australians, sometimes with intelligent sympathy and curiosity but often with contempt, and often describing acts of startling brutality. This collection comprises diary extracts, memoirs, journals, letters, histories, poems and fiction, and follows the same loose themes of The Bush. The science of the landscape and climate, and the way we have perceived them. Our deep and sentimental connection to the land, and our equally deep ignorance and abuse of it. The heroic myths and legends. The enchantments. The bush as a formative and defining element in Australian culture, self-image and character. The flora and fauna, the waterways, the colours. The heroic, self-defining stories, the bizarre and terrible, and the ones lost in the deep silences. There are accounts of journeys, of work and recreation, of religious observance, of creation and destruction. Stories of uncanny events, peculiar and fantastic characters, deep ironies, and of land unlimited. And musings on what might be the future of the bush: as a unique environment, a food bowl, a mine, a wellspring of national identity . . . From Dampier and Tasman to Tim Flannery and assorted contemporary farmers, environmentalists and grey nomads, these pieces represent a vast array of experiences, perspectives and knowledge. A Single Tree is an essential companion to its brilliant predecessor.

American Journeys Don Watson 2011-04-01 A superb book about Don Watson's journeys around America. Featured as one of Newsweek's 50 'What to Read Now and Why' titles. Only in America - the most powerful democracy on earth, home to the best and worst of everything - are the most extreme contradictions possible. In a series of journeys acclaimed author Don Watson set out to explore the nation that has influenced him more than any other. Travelling by rail gave Watson a unique and seductive means of peering into the United States, a way to experience life with its citizens: long days with the American landscape and American towns and American history unfolding on the outside, while inside a tiny particle of the American people talked among themselves. Watson's experiences are profoundly affecting: he witnesses the terrible aftermath of Hurricane Katrina on the Gulf Coast; explores the savage history of the Deep South, the heartland of the Civil War; and journeys to the remarkable wilderness of Yellowstone National Park. Yet it is through the people he meets that Watson discovers the incomparable genius of America, its optimism, sophistication and riches - and also its darker side, its disavowal of failure and uncertainty. Beautifully written, with gentle power and sly humour, American Journeys investigates the meaning of the United States: its confidence, its religion, its heroes, its violence, and its material obsessions. The things that make America great are also its greatest flaws.

The Story of Australia Don Watson 2021-07-02 A modern classic: Don Watson's history of Australia for children of the twenty-first century History told so well it gives us a better idea of who we are – and what we might become. The Story of Australia weaves together the many strands of our nation's past – ancient and indigenous, colonial and contemporary – to create a fascinating history for all readers, young and old. In clear, succinct language that both children and adults will appreciate, Watson guides readers from the ancient lands of Gondwana, through human settlement, colonisation and waves of migration, to the challenges facing our diverse nation today. Each era is brought to life in a series of beautifully illustrated spreads that capture a particular event or development – or give a snapshot of ordinary Australians at the time. Each chapter ends with a profile of a person, from the oldest Australian ever discovered, Mungo Woman, to pop icon Kylie Minogue. The Story of Australia will be treasured by children and families for years to come. Don Watson is the author of many acclaimed books for adults, including Caledonia Australis, Recollections of a Bleeding Heart, American Journeys, The Bush and Watsonia. This is his first work for children.

The Wayward Tourist Mark Twain 2007 At the height of his fame, Mark Twain, the great writer and humorist from Missouri, was facing financial ruin from one of his failed business ventures. Broke but

much loved he embarked on a money-raising lecture tour around the equator, making a stop in Australia. The Wayward Tourist republishes Mark Twain's Australian travel writing in which he recounts impressions of Sydney ('God made the Harbor a but Satan made Sydney') and his view of Australian history ('[it reads] like the most beautiful lies'). In his introduction, Don Watson brilliantly pays homage to America's 'funny man' who brought his swagger, love of language and wicked talent for observation to our shores.

The Secret of Golf Joe Posnanski 2016-06-28 From "one of the best sportswriters in America" (The Washington Times)—the New York Times bestselling story of the friendship and rivalry between golf legends Tom Watson and Jack Nicklaus, whose sparring matches defined the sport for more than a decade. The first time they met, at an exhibition match in 1967, Tom Watson was a seventeen-year-old high school student and Jack Nicklaus, at twenty-seven, was already the greatest golfer in the world. Though they shared some similarities—they were both Midwestern boys who had learned how to play golf at their fathers' country clubs—they differed in many ways. Nicklaus played a game of consummate control and precision. Watson hit the ball all over the place. Nicklaus lacked charm and theatrics, and he was thoroughly despised by most golf fans because he had displaced Arnold Palmer as king of the golf world. Watson was one of those Arnold Palmer fans. Yet over the next twenty years their seemingly divergent paths collided as they battled against each other again and again for a place at the top of the sport and drove each other to ever-soaring heights of accomplishment. Spanning from that first match through the "Duel in the Sun" at Turnberry in 1977 to Watson's miraculous near-victory at Turnberry as he approached sixty, and informed by interviews with both players over many years, The Secret of Golf is Joe Posnanski's intimate account of the most remarkable rivalry and (eventual) friendship in modern golf.

Fire Country Victor Steffensen 2020-02-18 Delving deep into the Australian landscape and the environmental challenges we face, Fire Country is a powerful account from Indigenous land management expert Victor Steffensen on how the revival of cultural burning practices, and improved 'reading' of country, could help to restore our land. From a young age, Victor has had a passion for traditional cultural and ecological knowledge. This was further developed after meeting two Elders, who were to become his mentors and teach him the importance of cultural burning. Developed over many generations, this knowledge shows clearly that Australia actually needs fire. Moreover, fire is an important part of a holistic approach to the environment, and when burning is done in a carefully considered manner, this ensures proper land care and healing. Victor's story is unassuming and honest, while demonstrating the incredibly sophisticated and complex cultural knowledge that has been passed down to him, which he wants to share with others. Fire Country is written in a way that reflects the nature of yarning, and while some of the knowledge shared in this book may not align with Western views, there is much evidence that, if adopted, it could greatly benefit all Australians.

Rabbit Syndrome Don Watson 2001 In the fourth Quarterly Essay Don Watson takes an analytical look at the ways in which the Australian imagination has always been dominated by America. Why are they so much better than we are? Even when it comes to producing books like the Updike 'Rabbit' sequence that tell us what we are like? Why are they also a land of executioners who have nevertheless created the least bad empire the world has seen? Can we really expect to be deputies to America? And what about our own sacred story (the progressive one) that we have sold for the sake of the Americanisation of our own society? If we can't have a friendly independent relationship with America, why don't we go the whole hog and join them? In a dark, brooding, moody essay, Don Watson plays on the paradoxes of Australia's feeling about America and offers a scathing view of an Australian culture that is asking to be engulfed by its great and powerful friend because the mental process is already so advanced. This is a brilliant meditation round a set of paradoxes that are central to our long-term anxieties and hopes. '... this is a Quarterly Essay that plays on our most fundamental fears, including the most terrifying of all, that we shall cease to exist because we have never been.' Peter Craven, Introduction 'The Australian story does not work anymore, or not well enough ... to hang the modern story on ... The most useful thing is to recognise that ... we took the biggest step we have ever taken towards the American social model. And this has profound implications for how we think of Australia and how we make it cohere.' Don Watson, Rabbit Syndrome

Denizen: Winner of the Penguin Literary Prize James McKenzie Watson 2022-07-19 This is a not-to-be-missed reading experience. HAYLEY SCRIVENOR 'Unquestionably is one of the best novels by an Australian author in recent times. It is spellbinding, credible and very cleverly constructed.' ARTS HUB A

thriller exploring rural Australia's simultaneous celebration of harsh country and stoic people – a tension that forces its inhabitants to dangerous breaking points. On a remote property in western NSW, nine-year-old Parker fears that something is wrong with his brain. His desperate attempts to control this internal chaos spark a series of events that gallop from his control in deadly and devastating ways. Years later, Parker, now a father himself, returns to the bushland he grew up in for a camping trip with old friends. When this reunion descends into chaos amid revelations of unresolved fear, guilt and violence, Parker must finally address the consequences of his childhood actions.

Death Sentence Don Watson 2018-03-19 Part diatribe, part cool reflection on the state of Australia's public language, Don Watson's Death Sentence is scathing, funny and brilliant. '... in public life the language has never been held in less regard. It withers in the dungeons of the technocratic mind. It is butchered by the media. In politics it lacks all qualifications for the main game.' Almost sixty years ago, George Orwell described the decay of language and why this threatened democratic society. But compared to what we now endure, the public language of Orwell's day brimmed with life and truth. Today's corporations, government departments, news media, and, perhaps most dangerously, politicians - speak to each other and to us in cliched, impenetrable, lifeless sludge. Don Watson can bear it no longer. In Death Sentence, part diatribe, part cool reflection on the state of Australia's public language, he takes a blowtorch to the words - and their users - who kill joy, imagination and clarity. Scathing, funny and brilliant, Death Sentence is a small book of profound weight - and timeliness.

Recollections of a Bleeding Heart Don Watson 2008 If he had never become Prime Minister Paul Keating's place in Australian history would still have been assured. He was the Treasurer who deregulated the economy; the weaver of Labor's modern story; its heavy weapon in the parliament. He was also the great enigma - a self-educated boy from Sydney's working class and a defining element of the head-kicking Labor right who loved Paris, Mahler and Second Empire clocks. Paul Keating did become Prime Minister. In December 1991 he wrested it from Bob Hawke and the bruises from that struggle were part of the baggage he brought to the job: the other parts included the worst recession in 60 years and an electorate determined to make him pay for it. Keating defied the odds and won the 1993 election, and in his four years as Prime Minister set Australia on a new course - towards engagement with Asia, a republic, reconciliation, a social democracy built on a modern export-based economy and sophisticated public systems of education and training, health and social security. Widely regarded as a quintessential economic rationalist, Keating's record clearly shows that his vision was infinitely broader and more complex. Don Watson was employed as Keating's speechwriter. Though a 'bleeding heart' liberal trained in history rather than economics, he became an advisor and friend to Keating.

RECOLLECTIONS OF A BLEEDING HEART - based on notes Watson kept through the four turbulent and exhausting years of Keating's Prime Ministership - is a frank, sympathetic and engrossing portrait of this brilliant and perplexing man, and a unique reflection on modern politics. Recollections of a Bleeding Heart by Don Watson

Worst Words Don Watson 2015-11-02 Don Watson - with his trademark wit and wisdom - says enough already! The English language is complex and evolving, and can win minds, hearts and nations. Why don't we try using it? What is 'cluster deployment', and how can you be sure to 'engage multiple stakeholders through your strategic delivery channel'? What's the difference between 'backcasting' and 'backfilling' and could it ever matter? The language of business and work grows ever more depleted, barren and senseless. Politicians hide in thickets of endless repeated messages, platitudes and clichés, or behind such shameless Newspeak as 'operational matters'. The thing is viral: leaping from corporate windows of opportunity, it has taken hold in universities and schools, the public service, hospitals, local councils, fire brigades, the weather bureau. (What is the difference between rain and a rain event?) Don Watson returns to the follies he described in Death Sentence and Weasel Words. With his trademark management-jargon mockery, he will make you cringe and laugh and possibly die of shame. But above all he will ask you to resist: to fight in the fields and in the streets – and in the offices and on the internet - and never surrender.

Mercy Watson Thinks Like a Pig Kate DiCamillo 2014-02-25 Can Mercy Watson outwit . . . Animal Control?

The porcine wonder's on the lam in her latest tongue-in-snout adventure! Features an audio read-along! Mercy's appetite has got her into trouble again. When Eugenia Lincoln's pansies go missing, Animal Control Officer Francine Poulet arrives on the scene. But as she soon discovers, not just anyone can think like a pig. Especially when that pig is porcine wonder Mercy Watson!
