The Bush
Don Watson 2016 "While most of us live in cities clinging to the coastal fringe, our sense of what an Australian is, or should be, is drawn from the vast and varied inland called the bush. But what do we mean by 'the bush', and how has it shaped us? Starting with his forebears' battle to drive back nature and eke a living from the land, Don Watson explores the bush as it was and as it now is- the triumphs and the ruination, the commonplace and the bizarre, the stories we like to tell about ourselves and the national character, and those we don't. A milestone work of memoir, travel writing and history. The Bush takes us on a profoundly revelatory and entertaining journey through the Australian landscape and character."

The Glass Castle
Jeannette Walls 2006-01-02 Journalist Walls grew up with parents whose ideals and stubborn nonconformity were their curse and their salvation. Rex and Rose Mary and their four children lived like nomads, moving among Southwest desert towns, camping in the mountains. Rex was a charismatic, brilliant man who, when sober, captured his children's imagination, teaching them how to embrace life fearlessly. Rose Mary painted and wrote and couldn't stand the responsibility of providing for her family. When the money ran out, the Walls retreated to the dismal West Virginia mining town. Rex had tried to escape. As the dysfunction escalated, the children had to fend for themselves, supporting one another as they found the resources and will to leave home. Yet Walls describes her parents with deep affection in this tale of unconditional love in a family that, despite its profound flaws, gave her the fiery determination to carve out a successful life. -- From publisher description.

Dark Nature
Yall Watson 1997-01-10 At a time when violence threatens to become epidemic and genocide takes the place of diplomacy in many regions of the world, it is no longer enough to simply dismiss such dark behavior as "human nature." People need to know why such atrocities and horrors take place, and the usual moral, religious, political and philosophical explanations have proved

inadequate. With *Dark Nature*, world naturalist Lyall Watson presents a scientific examination of evil. Drawing on the latest insights of genetics, evolutionary ethology, anthropology and psychology, he takes the discussion of evil out of the realm of monsters and demons to reveal it for what it truly is: biological reality that may be terrifying but can be controlled. Groundbreaking, fascinating and eminent readable, *Dark Nature* is a vital and timely antidote to modern despair.

Caledonia Australis Don Watson 2011-04-01 An extraordinary piece of history - the Scottish Highlanders on the frontier of Australia - with introduction from Inga Clendinnen. After their military defeat in 1745 the Scottish Highlanders suffered a worse humiliation. They were displaced from their ancestral lands and became curiosities: objects of romantic nostalgia, charity, scorn, anthropology - and emigration. This is a tale of their dispossession. It also tells the rout of another people, the Kurnai of Gippsland in south-eastern Australia. And prominent among those who did the routing were emigrant Highlanders like the explorer Angus McMillan. Don Watson writes about the frontier on which those two cultures met. It is a story full of tragic ironies and myths which linger to this day. First published in 1971 and recognised as a significant revisionist work, *Caledonia Australis* is all the more intriguing and instructive now as debate continues to rage over Aboriginal native title, practical reconciliation and the way Australian history should be written, taught and understood.

The Wayward Tourist Mark Twain 2007 At the height of his fame, Mark Twain, the great writer and humorist from Missouri, was facing financial ruin from one of his failed business ventures. Broke but much loved he embarked on a money-raising lecture tour around the equator, making a stop in Australia. The Wayward Tourist republishes Mark Twain's Australian travel writing in which he recounts impressions of Sydney ('God made the Harbor a but Satan made Sydney') and his view of Australian history ('[it reads] like the most beautiful lies'). In his introduction, Don Watson brilliantly pays homage to America's 'funny man' who brought his swagger, love of language and wicked talent for observation to our shores.

Worst Words Don Watson 2015-11-02 Don Watson - with his trademark wit and wisdom - says enough already! The English language is complex and evolving, and can win minds, hearts and nations. Why don't we try using it? What is 'cluster deployment', and how can you be sure to 'engage multiple stakeholders through your strategic delivery channel'? What's the difference between 'backcasting' and 'backfilling' and could it ever matter? The language of business and work grows ever more depleted, barren and senseless. Politicians hide in thickets of endless repeated messages, platitudes and clichés, or behind such shameless Newspeak as 'operational matters'. The thing is viral: leaping from corporate windows of opportunity, it has taken hold in universities and schools, the public service hospitals, local councils, fire brigades, the weather bureau. (What is the difference between rain and a rain event?) Don Watson returns to the follies he described in Death Sentence and Weasel Words. With his trademark management-jargon mockery, he will make you cringe and laugh and possibly die of shame. But above all he will ask you to resist: to fight in the fields and in the streets - and in the office and on the internet - and never surrender.

A Single Tree Don Watson 2016-10-31 A Single Tree assembles the raw material underpinning Don Watson's award-winning The Bush. These diverse and haunting voices span the four centuries since Europeans first set eyes on the continent. Each of these varied contributors - settlers, explorers, anthropologists, naturalists, stockmen, surveyors, itinerants, artists and writers- represents a particular place and time. Men in awe of the landscape or cursing it; aspiring to subdue and exploit it or finding themselves defeated by it. Women reflecting on the land's harshness and beauty, on the strangeness

of their lives, their pleasures and miseries, the character and behaviour of the men. Europeans writing about indigenous Australians, sometimes with intelligent sympathy and curiosity but often with contempt, and often describing acts of startling brutality. This collection comprises diary extracts, memoirs, journals, letters, histories, poems and fiction, and follows the same loose themes of The Bush. The science of the landscape and climate, and the way we have perceived them. Our deep and sentimental connection to the land, and our equally deep ignorance and abuse of it. The heroic myths and legends. The enchantments. The bush as a formative and defining element in Australian culture, self-image and character. The flora and fauna, the waterways, the colours. The heroic, self-defining stories, the bizarre and terrible, and the ones lost in the deep silences. There are accounts of journeys of work and recreation, of religious observance, of creation and destruction. Stories of uncanny events, peculiar and fantastic characters, deep ironies, and of land unlimited. And musings on what might be the future of the bush: as a unique environment, a food bowl, a mine, a wellspring of national identity. From Dampier and Tasman to Tim Flannery and assorted contemporary farmers, environmentalists and grey nomads, these pieces represent a vast array of experiences, perspectives and knowledge. A Single Tree is an essential companion to its brilliant predecessor.

Sam shares his thinking in a candid, straight-from-the-shoulder style. In a story rich with anecdotes and the "rules of the road" of both Main Street and Wall Street, Sam Walton chronicles the inspiration, heart, and optimism that propelled him to lasso the American Dream.

There It Is Again Don Watson 2017-11-27 Historian, essayist, speechwriter, humourist, anti-cant crusader; Don Watson has a gift for luring us to the nub of a matter, or at least to a new view of it, to grin or grind our teeth at the spectacle. Over the years Don Watson has written on politics and politicians in Australia and the USA, sport, nature, history, culture, crimes against speech, and military commemorations. Sometimes he writes in celebration of a moment or a creature of beauty; at other times, because something or someone gets on his goat - or up it, as young folk say these days. At the heart of all of his work is the belief that, more than just about anything else - more even than free markets or lifestyle choices - in a civilized society words matter.

The Caterbury Tails Randall Bush 2013-05 NIGEL GOODWIN, Founder of the London Arts Centre Group, writes: "Randall Bush's "Caterbury Tails" on one level is a parody of T. S. Eliot's "Old Possum's Book of Practical Cats," but on another level it is a joyful and whimsical story that takes its readers to deeper levels of truth by exploring what happens when ancient tried and tested creeds are replaced by greed, mischief, noise, and confusion-an abundance of cattiness leading to catastrophe! This delightful epic poem for all ages is beautifully and skillfully illustrated by Ben Watson."

Tiny Sunbirds, Far Away Christie Watson 2011-05-10 Winner of the 2011 Costa First Novel Award When their mother catches their father with another woman, twelve year-old Blessing and her fourteen year-old brother, Ezekiel, are forced to leave their comfortable home in Lagos for a village in the Niger Delta, to live with their mother's family. Without running water or electricity, Warri is at first a nightmare for Blessing. Her mother is gone all day and works suspiciously late into the night to pay the children's school fees. Her brother, once a promising student, seems to be falling increasingly under the influence of the local group of violent teenage boys calling themselves Freedom Fighters. Her grandfather, a kind if misguided man, is trying on Islam as his new religion of choice, and is even considering the possibility of bringing in a second wife. But Blessing's grandmother, wise and practical, soon becomes a beloved mentor, teaching Blessing the ways of the midwife in rural Nigeria. Blessing is exposed to the horrors of genital mutilation and the devastation wrought on the environment by British and American oil companies. As Warri comes to feel like home, Blessing becomes increasingly aware of the threats to its safety, both from its unshakable but dangerous traditions and the relentless carelessness of the modern world. *Tiny Sunbirds, Far Away* is the witty and beautifully written story of one family's attempt to survive a new life they could never have imagined, struggling to find a deeper sense of identity along the way.

Death Sentence Don Watson 2018-03-19 Part diatribe, part cool reflection on the state of Australia's public language, Don Watson's *Death Sentence* is scathing, funny and brilliant. '... in public life the language has never been held in less regard. It withers in the dungeons of the technocratic mind. It is butchered by the media. In politics it lacks all qualifications for the main game.' Almost sixty years ago George Orwell described the decay of language and why this threatened democratic society. But compared to what we now endure, the public language of Orwell's day brimmed with life and truth. Today's corporations, government departments, news media, and, perhaps most dangerously, politicians - speak to each other and to us in cliched, impenetrable, lifeless sludge. Don Watson can bear it no longer. In *Death Sentence*, part diatribe, part cool reflection on the state of Australia's public language, he takes a blowtorch to the words - and their users - who kill joy, imagination and clarity.

Scathing, funny and brilliant, *Death Sentence* is a small book of profound weight - and timeliness.

Rabbit Syndrome Don Watson 2001 In the fourth Quarterly Essay Don Watson takes an analytical look at the ways in which the Australian imagination has always been dominated by America. Why are they so much better than we are? Even when it comes to producing books like the Updike 'Rabbit' sequence that tell us what we are like? Why are they also a land of executioners who have nevertheless created the least bad empire the world has seen? Can we really expect to be deputies to America? And what about our own sacred story (the progressive one) that we have sold for the sake of the Americanisation of our own society? If we can't have a friendly independent relationship with America, why don't we go the whole hog and join them? In a dark, brooding, moody essay, Don Watson plays on the paradoxes of Australia's feeling about America and offers a scathing view of an Australian culture that is asking to be engulfed by its great and powerful friend because the mental process is already so advanced. This is a brilliant meditation round a set of paradoxes that are central to our long-term anxieties and hopes. '... this is a Quarterly Essay that plays on our most fundamental fears, including the most terrifying of all, that we shall cease to exist because we have never been.' Peter Craven, Introduction 'The Australian story does not work anymore, or not well enough ... to hang the modern story on ... The most useful thing is to recognise that ... we took the biggest step we have ever taken towards the American social model. And this has profound implications for how we think of Australia and how we make it cohere.' Don Watson, *Rabbit Syndrome*

The Devil in the Bush Matthew Head 2017-03-20 A missionary doctor is on the hunt for a killer in the Belgian Congo in this 1945 mystery series debut exploring WWII-era Colonial Africa. World War II is raging, but in this dusty backwater of the Belgian Congo, the biggest problem is finding a cold beer. That's the case, at least, for Hooper Taliaferro, a U.S. government gofer sent to Africa on a vague errand related to the war effort. What he finds at the failing Congo-Ruizi plantation won't help the Allies much. Like colonialism itself, the owner is dying of a slow poison, and not even his wife—let alone his staff—can muster the energy to care. Good thing Hooper isn't showing up alone. With him is Dr. Mary Finney, a medical missionary who knows a homicide when she sees one. Middle-aged and unassuming, Mary is used to being underestimated. But with her quick mind and blunt manners, she doesn't suffer fools—or murderers—lightly.

Mrs. Keppel and Her Daughter Diana Souhami 2014-10-14 Alice Keppel, the married lover of Queen Victoria's eldest son and great-grandmother to Camilla Parker-Bowles, was a key figure in Edwardian society. Hers was the acceptable face of adultery. Discretion was her hallmark. It was her art to be the king's mistress and yet to laud the Royal Family and the institution of marriage. Formidable and manipulative, her attentions to the king brought her wealth, power, and status. Her daughter Violet Trefusis had a long tempestuous affair with the author and aristocrat Vita Sackville-West, during which Vita left her husband and two sons to travel abroad with Violet. It was a liaison that threatened the fabric of Violet's social world, and her passion and recalcitrance in pursuit of it pitted her against her mother and society. From memoirs, diaries, and letters, Diana Souhami portrays this fascinating and

intense mother/daughter relationship in Mrs. Keppel and Her Daughter. Her story of these women, the lovers, and their lovers' mothers, highlights Edwardian - and contemporary - duplicity and double standards and goes to the heart of questions about sexual freedoms.

Backwards the Drowned Go Dreaming Carl Watson 2012-04-01 "Amongst the oil fumes and the briny dinge of the sea, greasy, tired, frustrated, I had a flash. Suddenly, I had it all figured out-the psychology of despots and CEOs. I figured that in order for civilization to exist, people have to stay in one place, and so it seems somehow natural that the evolution of society would be to create an illusion of motion where none exists. Faster cars. Faster editing. Increased sensory stimulation. But all the while we are actually sitting more and more still. The population is placated by the feeling of progress, when in reality they are imprisoned. Even if we feel or strive to be utterly irresponsible, we're still somehow doing our job." Carl Watson evokes his desolation angels with great empathy and care, but also with ruthless candor. He writes like someone who pushed himself to the wall, then pushed through it to the void and came back with stories to tell. Here he reclaims the Seventies, one of the more desolate of recent epochs, with the clarity of Proust, the balefulness of Bodenheim, and the raw honesty of an Iggy song. -John Strausbaugh, author of "Black Like You" and "Sissy Nation" "CW writes like he put his thumb in the air on some two-lane American highway that used to be an Indian Trail, where he got picked up by God. Like he has come back to the fire in the woods we have gathered around at the end of the world with our loved ones to tell us what he saw. -Andrew Huebner, author of "We Pierce," "American By Blood" and "East of Bowery" With prose unfurling like cigarette smoke bleeding into that cloud of half-forgotten memories forever shadowing missed opportunities that hangs over a noontime dive somewhere during the twilight of the last blown century, heartbreak rock-n-roll on the radio crackling exquisite precision between am stations and windswept interstates, Carl Watson daydreams before silent black-and-white televisions in SRO lobbies or as he drinks himself sober in crumbling Chicago tenements. "Backwards the Drowned Go Dreaming" explodes the bleary-eyed myth of the American road. -Donald Breckenridge, author of "This Young Girl Passing" Carl Watson's work is desolate poetry. He writes with sharp nostalgia for a past that really wasn't all that great. It feels like a stay in a down-and-out motel, but right on the other side of the paper-thin wall is transcendence. Watson never lets you forget that even in the most desperate situations, there is humor (even if it's mostly black) and greatness of the spirit. -Emily XYZ, "United States of Poetry"

Watson's Dictionary Of Weasel Words Don Watson 2011-04-01 The brilliant and bestselling companion volume to Don Watson's Death Sentence The prime minister speaks of core and non-core election promises, your boss asks you to commit to an involuntary career event (you're fired), and hospitals refer to negative patient outcomes (you're dead) - How to fight back? This book is a heavy weapon against politicians, managers and all those whose words kill brain cells and sink hearts. Striking a much-needed blow for truth and clarity, here is Don Watson, author of the international bestseller Death Sentence, at his sobering, scathing and wickedly funny best.

American Journeys Don Watson 2011-04-01 A superb book about Don Watson's journeys around America. Featured as one of Newsweek's 50 'What to Read Now and Why' titles. Only in America - the most powerful democracy on earth, home to the best and worst of everything - are the most extreme contradictions possible. In a series of journeys acclaimed author Don Watson set out to explore the nation that has influenced him more than any other. Travelling by rail gave Watson a unique and seductive means of peering into the United States, a way to experience life with its citizens: long days with the American landscape and American towns and American history unfolding on the outside while inside a tiny particle of the American people talked among themselves. Watson's experiences are profoundly affecting: he witnesses the terrible aftermath of Hurricane Katrina on the Gulf Coast; explores the savage history of the Deep South, the heartland of the Civil War; and journeys to the remarkable wilderness of Yellowstone National Park. Yet it is through the people he meets that Watson discovers the incomparable genius of America, its optimism, sophistication and riches - and also its darker side, its disavowal of failure and uncertainty. Beautifully written, with gentle power and sly humour, American Journeys investigates the meaning of the United States: its confidence, its religion,

its heroes, its violence, and its material obsessions. The things that make America great are also its greatest flaws.

Fire Country Victor Steffensen 2020-02-18 Delving deep into the Australian landscape and the environmental challenges we face, *Fire Country* is a powerful account from Indigenous land management expert Victor Steffensen on how the revival of cultural burning practices, and improved 'reading' of country, could help to restore our land. From a young age, Victor has had a passion for traditional cultural and ecological knowledge. This was further developed after meeting two Elders, who were to become his mentors and teach him the importance of cultural burning. Developed over many generations, this knowledge shows clearly that Australia actually needs fire. Moreover, fire is an important part of a holistic approach to the environment, and when burning is done in a carefully considered manner, this ensures proper land care and healing. Victor's story is unassuming and honest, while demonstrating the incredibly sophisticated and complex cultural knowledge that has been passed down to him, which he wants to share with others. *Fire Country* is written in a way that reflects the nature of yarning, and while some of the knowledge shared in this book may not align with Western views, there is much evidence that, if adopted, it could greatly benefit all Australians.

Quarterly Essay 63 Enemy Within Don Watson 2016-08-29 In *Enemy Within*, Don Watson takes a memorable journey into the heart of the United States in the year 2016 – and the strangest election campaign that country has seen. Travelling in the Midwest, Watson reflects on the rise of Donald Trump and the “thicket of unreality” that is the American media. Behind this he finds a deeply fearful and divided culture. Watson considers the irresistible pull – for Americans – of the Dream of exceptionalism and asks whether this creed is reaching its limit. He explores alternate futures – from Trump-style fascism to Sanders-style civic renewal – and suggests that a Clinton presidency might see a new American blend of progressivism and militarism. *Enemy Within* is an eloquent, barbed look at the state of the union and the American malaise. “If, as seems likely, Clinton wins, it will not be out of love, or even hope, but rather out of fear. She can win by simply letting her deplorable opponent lose. On the other hand, she's nothing if not adaptable, and she could yet see the chance to lead the nation's social and economic regeneration ... Call it a New Great Awakening or a New New Deal; it would owe something to both, and to Bernie Sanders as well, but also to her need to be more than the first woman president.” —Don Watson, *Enemy Within* ‘Must read...[Don Watson] is the ideal person to survey Trump's America’ —The Weekend Australian ‘A fascinating journey through the United States...’ —ABC Brisbane, Weekend Bookworm

It begins with the first meeting of Holmes and his sidekick Watson, who narrates the stories. Doyle was the first to employ the sidekick technique, thereby creating a character in just as much suspense and awe as his readership at the mental escapades of the erratic, terrifyingly intelligent Holmes.
